- Statewide Departmental Materials Specification DMS-7350, "Qualification Procedure for Multi-Project Fabrication Plants of Precast Concrete Traffic Barrier" (Effective Mar. 1, 2010)
  - [MEMO](#)
  - [SPEC](#)
- Statewide Departmental Materials Specification DMS-7300, "Precast Concrete Fabrication Plants" (Effective March 1, 2010)

**Note: Revisions to DMS-7300 include the**

**following:**

- Removed requirements for PCI audits and changed to Department-directed audits;
- Expanded QC personnel certification requirements for non-stressed plants;
- Added requirement of video monitoring and recording of cylinder breaks;
- Added disqualification, requalification, and inactive fabricator criteria;
- Added commercial and fabricator laboratory requirements;
- Changed from applying TxDOT monogram on approved products to requiring fabricators to place their monogram on approved product; and
- Added requirement of tracking product deficiencies by QC on a Department-supplied spreadsheet.
