FORM 1589

At the request of the White House, the Federal Highway Administration has requested employment data found on Form 1589 be submitted prior to the October 10 previous deadline.

All contractors with ARRA projects need to submit their Form 1589 electronically to TxDOT on October 8. In some cases the final data could change and the information may be modified after the 10th. It is unknown what date the form will be due in November.
